Parking Options for Part-Time Telecommuters

In response to the increase of students, faculty and staff telecommuting part-time during the semester, Commuter Services is offering a variety of alternatives to annual parking permits. We encourage individuals who will be telecommuting part-time to consider several factors when deciding whether to purchase a long-term parking permit; how often will the individual be on campus, will they be on campus all day or just a few hours, and where on campus do they want to park. The following options are available to all faculty, staff, or students who determine a long-term parking permit is not needed this academic year.

- Pay by the day permits
  - Day “U” permits are available at a rate of $10 per day and can be purchased online
  - Day “A” permits are available at a rate of $15 per day and can be purchased online

- Park in a visitor paylot
  - Paylots are located near the Union, the Marriott Library, the School of Business, the Student Life Center, and the Health Science Education Building
  - The price for parking in a visitor paylot is $2.00 per hour with a maximum daily rate of $20.00

- Park in a Pay-by-Phone stall
  - Pay-by-Phone stalls are located in most parking lots on campus, offering convenient proximity to popular campus destinations
  - The price for parking at a Pay-by-Phone stall is $2.00 per hour
  - Pay-by-Phone day passes are available in the Stadium Lot for $8.00 per day, and the Guardsman Way Lot for $5.00 per day
  - Download the Pay-by-Phone app, or call the phone number on the stall sign, to initiate a parking session and pay the hourly or day rate

- Share a permit
  - Individuals may share a permit with another faculty, staff, or student by linking multiple vehicles to one parking permit
  - Only one vehicle from the shared permit may be parked on campus at a time
  - Shared permits must be paid for by one individual; others may reimburse the permit holder for their portion of the permit

- Ride UTA
  - Students, faculty, and staff may ride UTA buses, TRAX, and FrontRunner at no additional cost, simply use your UCard to tap on and off UTA trains and buses.

Pac-12 Comparisons

Stanford University- Stanford has decided not to change the price of parking permits for the 2020-21 academic year. As an alternative to annual parking permits, Stanford will offer a daily permit, similar to the University of Utah’s “A” permit, priced at a rate of $16.25 per day.

UCLA- UCLA has decided not to change the price of parking permits for the 2020-21 academic year. As an alternative to annual permits UCLA has reduced the price of their day permits to $10.50 per day, or $20.00 per day in a visitor paylot.
